Summary

In accordance with section 10 of the *Economic Development Act 2012*, the Minister for Economic Development Queensland (MEDQ) may fix charges and other terms for the provision of infrastructure in a priority development area (PDA) and do anything necessary or convenient to be done in the performance of its functions, or exercise of its powers, under the Act. In addition, under section 115 of the *Economic Development Act 2012*, the MEDQ may make and levy a special rate or charge.

The aim of the Infrastructure Funding Framework (IFF) is to establish a funding framework that:

- encourages development
- maintains affordability for the end consumer, community, State and Council
- ensures new development in the PDAs fairly contributes towards the cost of providing the infrastructure required to service the PDAs, and
- provides landowners with certainty about future infrastructure charges.

Appendix 1 identifies the infrastructure charging framework for each PDA.

Appendix 2 and 3 set out the infrastructure charging framework for the urban renewal PDAs of Bowen Hills, Northshore Hamilton and Fitzgibbon.

Appendix 4, 5, 6 and 7 set out the infrastructure charging framework for the greenfield PDAs of Greater Flagstone, Yarrabilba, Ripley Valley and Caloundra South.

Appendix 8 outlines the process for deferral of infrastructure charges for not-for-profit or charitable organisations.

Appendix 9 describes how charges are indexed.

The IFF should be read in conjunction with:

- the interim land use plan or relevant development instrument and in particular the infrastructure plan, for the PDA
- the Infrastructure Funding Framework, Crediting and Offset Arrangements (IFFCOA), for greenfield PDAs only
- any applicable Infrastructure Charges and Offset Plan (ICOP) for the PDA
- any applicable Development Charges and Offset Plan (DCOP) for the PDA¹.

¹ Where a DCOP is in effect for a PDA, the DCOP prevails over the IFF and IFFCOA where they differ.

Definitions

Term	Definition
Small dwelling or small sales office	has a gross floor area (GFA) of less than 60m ² .
Medium dwelling or medium sales office	has a GFA of between 60m ² to 100m ² .
Large dwelling or large sales office	has a GFA of greater than 100m ² .
TBD	denotes a charge rate or unit that is to be determined by EDQ at the time of assessment.
GFA	is defined as per the relevant development instrument.
Applicable charging document	is defined as: <ul style="list-style-type: none"> • For the Oonoonba PDA, the local government's adopted infrastructure charges resolution in force at 23 April 2010; or • For all other references within this document, the local government's adopted infrastructure charges resolution as amended or replaced from time to time
Land uses	are defined as per the relevant development instrument.

Unless otherwise expressly stated, a term used in this IFF has the meaning given to it by:

- a) the above *Definitions* section of this IFF
- b) if not defined in this IFF, the *Economic Development Act 2012 (ED Act)*
- c) if not defined in the ED Act, the relevant development instrument or relevant local government's applicable charging document
- d) if not defined in any of the above documents, the *Planning Act 2016*, or the *South-East Queensland Water (Distribution and Retail Restructuring Act) 2009*
- e) the ordinary meaning where that term is not otherwise defined.

In the event of any inconsistency, the meaning assigned to the term in a document higher on the above list prevails, to the extent of any inconsistency.

A reference in this IFF to any Act includes any regulation made under it, and where amended or replaced, if the context permits, means the amended or replacement Act.

A reference in this IFF to a specific document or standard, means the latest version of the document or standard, unless expressly stated otherwise.

Appendix 1 – Applicable infrastructure charges for PDAs

PDA	Basis for charge within PDA
Urban renewal PDAs: <ul style="list-style-type: none"> • Bowen Hills, Brisbane • Northshore Hamilton, Brisbane • Fitzgibbon, Brisbane 	Unless a relevant DCOP provides to the contrary, the charges are set out in the Infrastructure Funding Framework (refer to appendix 2 or 3). Applicable infrastructure charges apply subject to any credits or offsets determined by the MEDQ.
Greenfield PDAs: <ul style="list-style-type: none"> • Greater Flagstone, Logan • Yarrabilba, Logan • Ripley Valley, Ipswich • Caloundra South, Sunshine Coast 	Unless a relevant DCOP provides to the contrary, the charges are set out in the Infrastructure Funding Framework (refer to appendix 4, 5, 6 or 7). Applicable infrastructure charges apply subject to any credits or offsets determined by the MEDQ under the IFFCOA.
Oonoonba, Townsville	Unless a relevant DCOP provides to the contrary, the charges will be based on Townsville City Council's applicable charging document for the area, in force at the time the PDA was declared. The charges will be indexed each year by the five year rolling average of the Queensland Roads and Bridges Index, unless otherwise specified in the relevant PDA development approval. Applicable infrastructure charges apply subject to any credits or offsets determined under the applicable charging document.
Other PDAs	Unless a relevant DCOP (or in the case of the Queen's Wharf Brisbane PDA, the ICOP) provides to the contrary, the charges are those identified in the relevant local government's applicable charging document for the area as at the date of the relevant PDA development approval. Applicable infrastructure charges apply subject to any credits or offsets determined under the applicable charging document.

For PDAs (other than urban renewal PDAs or greenfield PDAs), the applicant is required to submit to the MEDQ, written confirmation from the relevant local government of the amount of the infrastructure charges payable prior to, or at the time of payment.

Appendix 2 – Infrastructure Charging Framework for Bowen Hills and Northshore Hamilton PDAs

Payment of infrastructure charges

Infrastructure charges are payable for the following types of development:

- a) **Reconfiguring a lot**
Table 1 infrastructure charges are payable for reconfiguring a lot.
- b) **Material change of use**
Table 2 infrastructure charges are payable for a material change of use.

Timing for payment of infrastructure charges

Infrastructure charges are payable at the following times:

- 1) If the charge applies for development that is reconfiguring a lot:
 - a) prior to the MEDQ approving the plan of subdivision.
- 2) If the charge applies for development that is a material change of use, prior to the earlier of:
 - a) the endorsement of a building format plan
 - b) the commencement of the use
 - c) the certificate of classification or final inspection certificate being issued for a building or structure.

The MEDQ will determine any applicable credits and offsets. A credit is for an amount which is the greater of the following:

- a) the general infrastructure charge for each existing lot, calculated using Table 1
- b) if the premises is subject to an existing lawful use and is serviced by trunk infrastructure, the general infrastructure charge for the lawful use calculated using Table 2
- c) if the premises is subject to a previous lawful use and is serviced by trunk infrastructure, the general infrastructure charge for the previous lawful use calculated using Table 2.

An applicant seeking a credit must provide evidence of the lawful use, previous lawful use or creation of the lot. The sum of the credits for the infrastructure charges cannot exceed the sum of the infrastructure charges for the development.

Development exempt from payment of infrastructure charges

Infrastructure charges do not apply to development undertaken by the State, or another entity representing the State, for the following purposes:

- Education
- Emergency services
- Health care services
- Social housing.

The MEDQ may defer infrastructure charges deemed payable for not-for-profit or charitable organisations to assist with the delivery of these facilities within the PDA. Refer to Appendix 8 for the eligibility criteria and process for deferral of infrastructure charges.

Table 1 (Reconfiguring a Lot)

Proposed land use	Unit	Charges (per unit)	
		General infrastructure charge	Value uplift ²
Open category			
All uses	Lot	\$31,366	\$0

Table 2 (Material Change of Use)

Proposed land use	Unit	Charges (per unit)	
		General infrastructure charge	Value uplift ³
Residential category			
Detached house or display home, on a single lot	Dwelling	\$31,366	\$0
Other than a house ⁴	Small dwelling	\$13,575	\$13,058
	Medium dwelling	\$18,949	\$19,588
	Large dwelling	\$31,366	\$34,821
Non-residential category			
Retail	1m ² GFA	\$163	\$246
Commercial, includes visitor accommodation	1m ² GFA	\$163	\$246
Industry - Heavy	1m ² GFA	\$78	\$0
Industry - Other than heavy	1m ² GFA	\$55	\$0
Industry - All impervious surfaces, for storm water	1m ² GFA	\$11	\$0
All other uses	The applicable charge is that identified in Brisbane City Council's applicable charging document.		

² Refer to page 9 for more information.

³ Refer to page 9 for more information.

⁴ This includes multiple residential and other residential use types as defined by the relevant development instrument.

Value uplift charges

Value uplift charges apply only to GFA exceeding the *Superseded Brisbane City Plan 2000* plot ratios, as depicted in the relevant development instrument⁵.

Where a building does not take up the full development area of a site, value uplift charges will be calculated according to the development area that the building occupies.

Value uplift offsets

Value uplift offsets are calculated in accordance with:

- Practice Note 16 – Calculation of offsets for affordable and diverse housing
- Practice Note 17 – Calculation of offsets for ecologically sustainable design.

For residential development, offsets are available for up to 30 per cent of the value uplift charge for achieving affordable housing for a diverse range of households including a mix of product in terms of size, configuration, cost, location and tenure.

An applicant may also receive an offset for up to 20 per cent of the value uplift charge for delivering ecologically sustainable development (ESD) outcomes.

For commercial or retail development, offsets are available for up to 50 per cent of the value uplift charge for delivering ESD outcomes.

Value uplift offsets for affordable housing and ESD will not be provided for affordable housing and ESD which is provided as part of a superior design outcome. Further information is available on request.

⁵ Subject to transitional provisions and crediting arrangements.

Appendix 3 – Infrastructure Charging Framework for Fitzgibbon PDA

Payment of infrastructure charges

Infrastructure charges are payable for the following types of development:

- a) **Reconfiguring a lot**
Table 3 infrastructure charges are payable for reconfiguring a lot.
- b) **Material change of use**
Table 4 infrastructure charges are payable for a material change of use.

Timing for payment of infrastructure charges

Infrastructure charges are payable at the following times:

- 1) If the charge applies for development that is reconfiguring a lot:
 - a) prior to the MEDQ approving the plan of subdivision.
- 2) If the charge applies for development that is a material change of use, prior to the earlier of:
 - a) the endorsement of a building format plan
 - b) the commencement of the use
 - c) the certificate of classification or final inspection certificate being issued for a building or structure.

The MEDQ will determine any applicable credits and offsets. A credit is for an amount which is the greater of the following:

- a) the general infrastructure charge for each existing lot, calculated using Table 3
- b) if the premises is subject to an existing lawful use and is serviced by trunk infrastructure, the general infrastructure charge for the lawful use calculated using Table 4
- c) if the premises is subject to a previous lawful use and is serviced by trunk infrastructure, the general infrastructure charge for the previous lawful use calculated using Table 4.

An applicant seeking a credit must provide evidence of the lawful use, previous lawful use or creation of the lot. The sum of the credits for the infrastructure charges cannot exceed the sum of the infrastructure charges for the development.

Development exempt from payment of infrastructure charges

Infrastructure charges do not apply to development undertaken by the State, or another entity representing the State, for the following purposes:

- Education
- Emergency services
- Health care services
- Social housing.

The MEDQ may defer infrastructure charges deemed payable for not-for-profit or charitable organisations to assist with the delivery of these facilities within the PDA. Refer to Appendix 8 for the eligibility criteria and process for deferral of infrastructure charges.

Table 3 (Reconfiguring a Lot)

Proposed land use	Unit	Charges (per unit)
		General infrastructure charge
Open category		
All uses	Lot	\$19,928

Table 4 (Material Change of Use)

Proposed land use	Unit	Charges (per unit)
		General infrastructure charge
Residential category		
Detached house or display home, on a single lot	Dwelling	\$19,928
Other than a house ⁶	Small dwelling	\$9,089
	Medium dwelling	\$12,677
	Large dwelling	\$20,867
Non-residential category		
Retail	1m ² GFA	\$163
Commercial, includes visitor accommodation	1m ² GFA	\$163
Industry - Heavy	1m ² GFA	\$78
Industry - Other than heavy	1m ² GFA	\$55
Industry - All impervious surfaces, for storm water	1m ² GFA	\$11
All other uses	The applicable charge is that identified in Brisbane City Council's applicable charging document	

⁶ This includes multiple residential, other residential and relocatable home park and caravan park use types as defined by the relevant development instrument.

Appendix 4 – Infrastructure Charging Framework for Greater Flagstone PDA

Payment of infrastructure charges

Infrastructure charges are payable for the following types of development:

- a) **Reconfiguring a lot**
Table 5 infrastructure charges are payable for reconfiguring a lot.
- b) **Material change of use**
Table 6 infrastructure charges are payable for a material change of use.

Timing for payment of infrastructure charges

Infrastructure charges are payable at the following times:

- 1) If the charge applies for development that is reconfiguring a lot:
 - a) prior to the MEDQ approving the plan of subdivision.
- 2) If the charge applies for development that is a material change of use, prior to the earlier of:
 - a) the endorsement of a building format plan
 - b) the commencement of the use
 - c) the certificate of classification or final inspection certificate being issued for a building or structure.

The MEDQ will determine any applicable credits and offsets. For the Greater Flagstone PDA, the IFFCOA applies and applicable credit and offsets will be determined in accordance with the IFFCOA.

Development exempt from payment of infrastructure charges

Infrastructure charges do not apply to development undertaken by the State, or another entity representing the State, for the following purposes:

- Education
- Emergency services
- Health care services
- Social housing.

The MEDQ may defer infrastructure charges deemed payable for not-for-profit or charitable organisations to assist with the delivery of these facilities within the PDA. Refer to Appendix 8 for the eligibility criteria and process for deferral of infrastructure charges.

Appendix 5 – Infrastructure Charging Framework for Yarrabilba PDA

Payment of infrastructure charges

Infrastructure charges are payable for the following types of development:

- a) **Reconfiguring a lot**
Table 7 infrastructure charges are payable for reconfiguring a lot.
- b) **Material change of use**
Table 8 infrastructure charges are payable for a material change of use.

Timing for payment of infrastructure charges

Infrastructure charges are payable at the following times:

- 1) If the charge applies for development that is reconfiguring a lot:
 - a) prior to the MEDQ approving the plan of subdivision.
- 2) If the charge applies for development that is a material change of use, prior to the earlier of:
 - a) the endorsement of a building format plan
 - b) the commencement of the use
 - c) the certificate of classification or final inspection certificate being issued for a building or structure.

The MEDQ will determine any applicable credits and offsets. For the Yarrabilba PDA, the IFFCOA applies and applicable credit and offsets will be determined in accordance with the IFFCOA.

Development exempt from payment of infrastructure charges

Infrastructure charges do not apply to development undertaken by the State, or another entity representing the State, for the following purposes:

- Education
- Emergency services
- Health care services
- Social housing.

The MEDQ may defer infrastructure charges deemed payable for not-for-profit or charitable organisations to assist with the delivery of these facilities within the PDA. Refer to Appendix 8 for the eligibility criteria and process for deferral of infrastructure charges.

Appendix 6 – Infrastructure Charging Framework for Ripley Valley PDA

Payment of infrastructure charges

Infrastructure charges are payable for the following types of development:

- a) **Reconfiguring a lot**
Table 9 infrastructure charges are payable for reconfiguring a lot.
- b) **Material change of use**
Table 10 infrastructure charges are payable for a material change of use.

Timing for payment of infrastructure charges

Infrastructure charges are payable at the following times:

- 1) If the charge applies for development that is reconfiguring a lot:
 - a) prior to the MEDQ approving the plan of subdivision.
- 2) If the charge applies for development that is a material change of use, prior to the earlier of:
 - a) the endorsement of a building format plan
 - b) the commencement of the use
 - c) the certificate of classification or final inspection certificate being issued for a building or structure.

The MEDQ will determine any applicable credits and offsets. For the Ripley Valley PDA, the IFFCOA applies and applicable credit and offsets will be determined in accordance with the IFFCOA.

Development exempt from payment of infrastructure charges

Infrastructure charges do not apply to development undertaken by the State, or another entity representing the State, for the following purposes:

- Education
- Emergency services
- Health care services
- Social housing.

The MEDQ may defer infrastructure charges deemed payable for not-for-profit or charitable organisations to assist with the delivery of these facilities within the PDA. Refer to Appendix 8 for the eligibility criteria and process for deferral of infrastructure charges.

Special infrastructure levy

The special infrastructure levy is payable for a period of 30 years from the creation of a new lot pursuant to a PDA development approval. The following table notates the maximum levy payable per lot, per annum.

Land use	Levy (per lot, per annum)
Residential category	\$111
All other categories ²²	7.5%

²² Levy should be calculated as follows: Site value (as defined by the Land Valuation Act 2010) × Local government “cents in the \$ per annum” adopted for the general rate by the local government × percentage to be levied (per annum) for non-residential uses as specified.

Appendix 7 – Infrastructure Charging Framework for Caloundra South PDA

Payment of infrastructure charges

Infrastructure charges are payable for the following types of development:

- a) **Reconfiguring a lot**
Table 11 infrastructure charges are payable for reconfiguring a lot.
- b) **Material change of use**
Table 12 infrastructure charges are payable for a material change of use.

Timing for payment of infrastructure charges

Infrastructure charges are payable at the following times:

- 1) If the charge applies for development that is reconfiguring a lot:
 - a) prior to the MEDQ approving the plan of subdivision.
- 2) If the charge applies for development that is a material change of use, prior to the earlier of:
 - a) the endorsement of a building format plan
 - b) the commencement of the use
 - c) the certificate of classification or final inspection certificate being issued for a building or structure.

The MEDQ will determine any applicable credits and offsets. For the Caloundra South PDA, the IFFCOA applies and applicable credit and offsets will be determined in accordance with the IFFCOA.

Development exempt from payment of infrastructure charges

Infrastructure charges do not apply to development undertaken by the State, or another entity representing the State, for the following purposes:

- Education
- Emergency services
- Health care services
- Social housing.

The MEDQ may defer infrastructure charges deemed payable for not-for-profit or charitable organisations to assist with the delivery of these facilities within the PDA. Refer to Appendix 8 for the eligibility criteria and process for deferral of infrastructure charges.

Appendix 8 – Deferral of infrastructure charges

Not-for-profit or charitable organisations

On application, the MEDQ may defer infrastructure charges deemed payable for not-for-profit or charitable organisations to assist with the delivery of these facilities within the PDA.

The deferral for not-for-profit or charitable organisations applies in the following PDAs only:

- Bowen Hills
- Northshore Hamilton
- Greater Flagstone
- Yarrabilba
- Ripley Valley
- Caloundra South.

Not-for-profit or charitable organisations eligible for deferred infrastructure charges are defined as per the *Charities Act 2013* (Cth) and are registered with the Australian Charities and Not-for-profits Commission, unless the applicant can provide proof that the organisation provides a public benefit to the community, which is not limited to members of the organisation. The deferral for not-for-profit or charitable organisations applies to non-residential development only.

Deferrals are limited to 50 per cent of the infrastructure charges payable for a PDA development approval - capped to a maximum of \$40,000 per application.

Not-for-profit or charitable organisations may, at any time after the development approval has been issued, but before the levied charge becomes payable, apply for a deferral against the levied charges.

If the MEDQ determines that an organisation meets the eligibility requirements, an Infrastructure Agreement will be prepared which defers the payment of infrastructure charges, but attaches the levied charges to the property.

The Infrastructure Agreement will include clauses which stipulate that the levied charges will become due and payable if:

- the development the subject of the Infrastructure Agreement ceases
- the development or organisation no longer provides a public benefit
- the development ceases being used by the not-for profit or charitable organisation
- the property is transferred or otherwise disposed of.

To ensure potential new owners are aware of any deferred charges running with the land, it is necessary to include a note on the property file to ensure that the Infrastructure Agreement is flagged as part of any rates searches through the conveyancing process.

Appendix 9 – Indexation and review of infrastructure charges and land values

Calculating indexation

Unless otherwise stated, the infrastructure charges for urban renewal PDAs and greenfield PDAs will be indexed annually on the 1 July, by an indexation rate calculated in accordance with the following formula:

$$= [(1 + [(x - y) \div y])^{1/n} - 1]$$

Where:

x is the Queensland Roads and Bridges Construction Index for March in the current calendar year (i.e. March 2018)

y is the Queensland Roads and Bridges Construction Index for the March which is three years prior to March in the current calendar year (i.e. March 2015)

n is 3 years, in order to calculate the three year rolling average of the index.

For example:

The annual rate of indexation on 1 July 2016 is calculated as:

$$= [(1 + [(107.8 - 106.7) \div 106.7])^{1/3} - 1]$$

$$= [(1 + 1.031\%)^{0.3333} - 1]$$

$$= 0.3425\%$$

The indexation rate is applied in accordance with the following formula:

$$A = B \times (1 + \textit{indexation rate})$$

Where:

A is the indexed value of any infrastructure charge on 1 July 2018

B is the same infrastructure charge valued on the previous financial year, 1 July 2017.

For example:

A charge rate of \$13,281 (applicable from 1 July 2016) is indexed on 1 July 2017 as follows:

$$= \$13,281 \times (1 + 0.3425\%)$$

$$= \$13,281 \times (1.3425\%)$$

$$= \$13,326$$

The special infrastructure levy will also be indexed in accordance with the formula.

For the Oonoonba PDA, infrastructure charges will be indexed each year by the five year rolling average of the Queensland Roads and Bridges Index, unless otherwise specified in the relevant PDA development approval.

For the remaining PDAs, infrastructure charges will be indexed in accordance with the local government's applicable charging document.

An infrastructure charge conditioned in a PDA development approval will be increased in accordance with the applicable indexation rate as at the date of payment.
