## Hello, I'm pleased to meet you.

Dear Linda

I am pleased to introduce myself as the new Director-General of the Department of State Development, Manufacturing, Infrastructure and Planning (DSDMIP). I feel extremely privileged to lead a department with such an important role in ensuring Queensland's economic future and I am excited about the opportunities ahead as we deliver on the government's priorities.

Your organisation is an important contributor to Queensland's economy, so it's vitally important for the department to understand your business, and the challenges and opportunities your industry is facing. We're interested to hear about the value you think DSDMIP can add to your organisation and the effectiveness with which we currently perform our role. This information

sets the benchmark around our service delivery and ensures we're continually improving our service.

Tomorrow you will receive an email from me, with a link to an online survey. The survey will take no more than ten minutes to complete and is your opportunity to inform the department's strategic focus areas and priorities for the next three years. It will also influence how we work with our customers to optimise the value we offer Queensland business and industry.

Your feedback is invaluable and I encourage you to take the time to share your thoughts.

The survey will only take a few days so please schedule the time in your diary to complete it so we can benefit from your contribution.

I look forward to hearing from you and to meeting you in due course.

Kind regards
