Dear Sir/Madam

AP2022/022 – SDA application for a material change of use (MCU) for extractive industry in the Bromelton State Development Area (SDA)

On 25 January 2023, Department of Environment and Science was given an opportunity to undertake an informal assessment of the abovementioned SDA application. Thank you for your assistance in reviewing the material.

I advise that the application was deemed properly made on 21 December 2022 in accordance with section 84D(1) of the *State Development and Public Works Organisation Act 1971*.

Therefore, in accordance with the Bromelton SDA Development Scheme (December 2017), the application is now formally referred to Department of Environment and Science as a nominated referral entity.

A copy of the SDA application is available at <https://haveyoursay.dsd.qld.gov.au/coordinatorgeneral/ea538b36>. Having regard to your previous response and noting that some of the SDA application has been amended, please assess the SDA application and, through the Office of the Coordinator-General, provide one of the following:

- a response stating that Department of Environment and Science has no further interest in this SDA application by 2 June 2023; 20 business days from the date of this letter.
- a request for additional information to assist in your assessment of this SDA application by 2 June 2023; 20 business days from the date of this letter. The proponent's response to this request will be provided in due course.
- a referral entity submission by 16 June 2023; 30 business days from the date of this letter. Submissions should contain recommendations to address the impact of the proposed development (including recommended conditions). Conditions and recommendations should also address any operational works likely to be associated with the material change of use. Referral entity submissions may be forwarded to the proponent for consideration and response.

In this instance, a referral entity submission can comprise of the following:

- confirmation that the original response comprises the referral entity submission
- the original informal response plus any additional conditions or recommendations,
or
- a new referral entity submission.

If a referral entity does not respond within the referral entity response period, the Coordinator-General may proceed to the next stage of the assessment process as if the SDA application was assessed and Department of Environment and Science had no requirements.

Further information on the referral stage and role of referral entities for SDA applications and change applications for an SDA approval within an SDA is outlined in the enclosed advisory note.

If you require any further information, please contact Amanda Koenig, Principal Project Officer, Office of the Coordinator-General, on (07) 3452 7575 or sdainfo@coordinatorgeneral.qld.gov.au, who will be pleased to assist.

Yours sincerely
