## Amendment

The Coordinator-General's change report no. 6 – Gas field disturbance, was released on 21 March 2018 pursuant to section 35J of the *State Development and Public Works Organisation Act 1971* (SDPWO Act). Following publication, a clerical error was identified in Appendix 1 of the change report.

The change report removed Condition 16, of Appendix 2 – Gas Fields, Part 2 – Coordinator-General's environmental conditions – gas fields. However, because of a clerical error not all of Condition 16 was reproduced in the change report. The final table in Condition 16 'EPBC ecological communities disturbance limit' was not included in the change report. This clerical error resulted in confusion for third-party auditors undertaking compliance management and reporting activities for the project.

Under section 35KA of the SDPWO Act, the Coordinator-General may amend a change report if the amendment is to correct a clerical error. The proposed amendment to the change report is described in the Appendix 1 of this amendment report.

## Appendix 1. Amendment

The following amendment is to apply to Appendix 1 of the Coordinator-General's change report no. 6 – Gas field disturbance for the Gladstone Liquefied Natural Gas Project dated 21 March 2018. The amendment is to correct an administrative error which incorrectly omitted part of Condition 16, of Appendix 2 – Gas Fields, Part 2 – Coordinator-General's environmental conditions – gas fields in the Coordinator-General's evaluation report (May 2010).

All of Condition 16, including the table reproduced below 'EPBC ecological communities disturbance limit', is to be listed in Appendix 1 of the Coordinator-General's change report no. 6 – Gas field disturbance for the Gladstone Liquefied Natural Gas Project dated 21 March 2018.

Former condition part			Condition amendment
<b>EPBC ecological communities disturbance limit</b>			<b>Remove</b>
Species	EPBC status	Habitat type	Disturbance limit (ha)
Brigalow ecological community	Endangered	Brigalow (Acacia harpophylla dominant and co-dominant) ecological communities	19.6 (Already counted)
Semi-evergreen vine thicket	Endangered	Semi-evergreen vine thickets of the Brigalow Belt (North and South) and Nadewar Bioregions	0.8 (Already counted)
Bluegrass ecological community	Endangered	Natural grasslands of the Queensland coastal highlands and the northern Fitzroy Basin	5.2
